Assess panel lift didn't open this morning with remotes found door in the open position on manual, the tenants open the door manually and left it open on manual. I reengage the door and hit the up button on the controller and the trolley came to the top and engaged the door. The door automatically closed at 7:10 pm. The site contact brought her remote down and we tested it and we can't find a fault with it operation complete. 7-00 - 7-20	1.00	380.00	10%	380.00
