Qty	Part No	Item	Unit Charge	Total
1	Service Call	1 - Reduce delay timer on garage roller door; currently 15 seconds. Can this please be reduced to five seconds or less (whatever the minimum safest delay is). 2 - Repair the lock on the controller box that was broken by thieves in the last incident. 3 - There is an intermittent but very loud clunking noise when the roller door opens or closes. It seems to be coming from the shaft that broke back in June 2024 and it needs to be looked at urgently before the garage roller door stops working again. Note, intermittent, they will need to open and close the roller door a few times to get it to happen.	$180.00	$180.00

Subtotal:	$180.00
Total GST:	$18.00
Total:	$198.00
