attend site residential roller shutter not closing pe beam out of alignment Straighten PEB and test operation door closes can't find a fault with the door. I found a fault with the residential remote that open and close the door. All the remotes have been deleted someone from unit 12 called another company to code their remotes that they've deleted everyone in the building. No one's remote opens the door. We'll have to organise a technician to meet and re-code everyone's remote talk with the building manager site contact Fady and he will talk to Strada Left door open power turned off as no one can access if the door is closed or exit 6-20 - 7-00	1.00	470.00	10%	470.00
