DESCRIPTION OF WORK PERFORMED

RE: HARVEY NORMAN B/GREEN – DOCK 2

- Fault find door after being hit by truck; reversing too high
- Placed door back into guides; shut up door; placed into 'Out of Service'
- Removed falling brickwork so as not to fall onto others

The above works have been carried out in accordance with relevant Australian Standards and Codes of Practice.

RECOMMENDATIONS

- Replace damaged guides about 4900mm long
- Confirm bricks are not required to be re-instated; cosmetic
- If timber above door is not structural, just screw back to ensure no more degradation
- Re-install metal covers removed by others after previous damage; (x)1 of cover on ground in garden bed; other is still attached
