Assess roller shutter with GFA fire motor on a dock shutter the door closes but it inches down stops and start stops and starts. I called Ables to let them know that it needs an electrician and sent some photos. The door can be secured. Just takes a little time to close it call electrician went through all the settings. electrician cannot work out what the problem is as the door is still itching down. Spoke to Gary from Ables. He's going to get onto GFA. 11-55 - 12-50	1.00	247.00	10%	247.00
