IMPORTANT NOTICES

Before any works commence on site, you warrant that you have all required Workers Compensation and other relevant Insurances in place. All high risk building and construction work, as defined by relevant health and safety regulations, must have a site specific Safe Work Method Statement (SWMS) developed and made available to JLG prior to the commencement of works. SWMS must be developed and provided to JLG before any high risk building or construction work is undertaken. Failure to abide by any OH&S regulations will result in the Purchase Order being withdrawn and the work cancelled, including but not limited to; the completion of site inductions of all workers onsite, completing a pre safety assessment before works each day, reporting all incidents to JLG and compliance with all other relevant health and safety regulations. Commencement of the work constitutes your acceptance of this order. All "Purchase Order Terms and

Conditions" and the Supplier Code of Conduct is located on the Johns Lyng Group website.

Please ensure that all associated waste is removed from the site or placed in bins provided by Johns Lyng Group upon leaving site every day in line with JLG's Environmental Policy. If waste is found on the site that relates to your work, you must re-attend the site to collect it or risk being back charged accordingly.

Properties that are constructed prior to 2003 may include the presence of Asbestos. Under no circumstances is the removal of Asbestos permitted to take place without prior approval of JLG and any suspected asbestos or hazardous material identified onsite must be escalated to JLG immediately.
