Description	Quantity	Unit Price	GST	Amount AUD
After attendance to site we found that the remote control receiver is a residential receiver and has no way of locking the controls. Therefore anyone has access to code or delete their own remotes or others. We recommend changing the receiver and recodeing remote controls so that there is some security on the remote system and it cannot be tampered with. Cost to replace receiver with a grifco star 1000 and recode existing remotes – allowing 1 hr on site for remotes to be delivered and re coded	1.00	720.00	10%	720.00

Subtotal	720.00
