Spoke with a lady in the service department Reema. They had a power outage on the weekend and they couldn't open the fire shutter as it doesn't have a hauling chain. It's a GFA fire motor with only a crank handle. She wanted to know can they put a chain on the end so it can be opened manually and I said you can only use a crank candle. Job number two is a sliding gate with a FAAC motor. There's no power and they don't know where to re-trip the power. They are getting an electrician in tomorrow. 1-45 - 2-05	1.00	195.00	10%	195.00
