### IMPORTANT NOTES RELATING TO COVID-19

Do not attend the property if you have travelled overseas in the last 14 days, are unwell, or have been in contact with a person with confirmed COVID-19.  
Ensure you practice good hygiene including washing hands before and after a job and wiping down any surfaces you might come into contact with (particularly light switches, railings or other high touch areas)  
We recommend you wear gloves and an anti-viral face mask at all times while on site if possible.  
Ensure you practice social distancing even while attending a job – that is stay at least 1.5m away from another person.

### IMPORTANT NOTE:

All contractors/service providers are required to familiarise themselves with the application of Work Health and Safety legislation, specifically the WHS Act 2011 which came into effect from 1 January 2012. As a minimum, it is expected that you or your company holds current appropriate licences for the work to be performed, relevant insurances and has in place a Safe Work Method Statement.
