All individuals onsite, prior to any works commencing must fill out, understand & sign the PRE-START document, this is located in app via the forms and checklists button as demonstrated during the onboarding process. In addition to this, this includes any relevant SWMS where required for each work order completed. An exception to this, is if a PRE-START

WO #	DATE
9938	09/10/2025

document (Attached below) is filled out and signed and attached to the submitted invoice.

Payments are unable to be processed unless a PRE-START form has been completed, signed and submitted through the mobile app or as mentioned above a hard copy has been filled out, signed and attached to the submitted invoice.

Please ensure that all works are completed in accordance with the current RAPM Contract requirements as well as to ensure that all materials and products used comply with the the current Schedule 7 Component requirements, current colours schemes, current CS Specifications, the Schedule 2 Maintenance works / requirements as well to ensure all materials and products comply with the current Australian standard and associated guidelines. If you aren't sure or if you require copy's of these, or if you require additional clarification of any of these items, please advise Sevelle Staff prior to any works commencing.

The work order is for the supply of Labour Hire and / or the hire of equipment only. This work order is not to be for the purpose of a Sub-Contract agreement and should not be considered as such. Any works undertaken are to be completed in accordance with the signed labour hire agreement. Works are to be undertaken by only those who have signed the labour hire agreement. Each working individual agrees to complete works in accordance with the current RAPM requirements with no exceptions. At no point should any works be completed via a sub-contractor arrangement and nor should they be treated as such.

The cost listed above is to complete works in accordance with legislation and associated requirements which we are required to adhere to.

Payments terms - Invoices are processed within the 2 x weeks once received, payments for each invoice are completed on that Friday.

Works are to be completed to an acceptable standard prior to payments being processed. All works are to be defect free prior to payments being processed. Failure to do this may result in a back charge and / or Sevelle may engage another LHP to have the defects rectified on your behalf, at your cost.

Identify and control the Site-Specific or Task Based Hazards

Hazard Examples	✓	Place a **tick** in the box for all **Site-Specific or Task Based Hazards** identified					
Electrical	❑	Trenches	❑	Manual Handling	❑	Burns	❑
Chemicals	❑	Weather	❑	Exposed holes	❑	Heat / fumes/ odours	❑
Tools	❑	Bacteria	❑	Dehydration	❑	Hazardous materials	❑
Gasses	❑	Dust	❑	Sharps/needles	❑	**Also Consider**	
First aid	❑	Slip / Trip	❑	Pedestrians	❑	Pollution to the environment	❑
Vehicles	❑	Remote site	❑	Amenities	❑	Soil erosion / contamination	❑
Heights	❑	Hot / Cold Objects	❑	Working Alone	❑	Runoff to drainage systems	❑
Confined space	❑	Rotating Equipment	❑	**Personal Hazards**		Simultaneous operations	❑
Weight	❑	Moving Equipment	❑	Hit by moving objects	❑	Security	❑
Lighting	❑	Lifting Equipment	❑	Caught in / between	❑	Tenant interactions	❑
Pressure	❑	Underground Services	❑	Strain / repetitive	❑	Damage to equipment	❑
Access	❑	Above Ground Services	❑	Dropped objects	❑	Public Liability	❑
Vibration	❑	Overhead Services	❑	Strike against	❑	Waste management	❑
Noise	❑	Radiation (Sun)	❑	Inhalation	❑	Other Hazards	❑

	Hazards: List the Site-Specific or Task Based Hazards as ticked above: **Note:** If more than 6 separate site-specific hazards are identified in the above; contact your Supervisor for further review.	**Initial Risk:** Tick the box that best describes the level of risk that personnel may be exposed to: *(Refer to the risk matrix in your SWMS)*			
		Low	Med	High	Extreme
1		❑	❑	❑	❑
2		❑	❑	❑	❑
3		❑	❑	❑	❑
4		❑	❑	❑	❑
5		❑	❑	❑	❑
6		❑	❑	❑	❑

	Controls: List the controls mechanisms that will be put in place for the hazards above: **Note:** Any residual risk that is high or above requires a Client Manager sign off.	**Residual Risk:** Tick the box that best describes the revised level of risk that personnel may be exposed to after controls are in place:			
		Low	Med	High	Extreme
1		❑	❑	❑	❑
2		❑	❑	❑	❑
3		❑	❑	❑	❑
4		❑	❑	❑	❑
5		❑	❑	❑	❑
6		❑	❑	❑	❑

Toolbox this Document with all Personnel On-Site & Sign Off
