Thanks
Job Issued By: Shelly Postle (Strata Manager)

IMPORTANT NOTE REGARDING THE DESIGN AND BUILDING PRACTITIONERS ACT & HOME BUILDING ACT
Works contract must be submitted for work over $5000.00 prior to the commencement of works. By accepting this quote request/work order, the contractor assumes their duties and obligation to adhere to the requirements of the legislation. This includes requirements but is not limited to the Design and Building Practitioners Act, Regulations and the Home Building Act 1989. Contractors must submit proof of compliance with requirements when submitting invoices for payment. Should works be exempt from such requirements, contractors are required to reference the relevant exemption clause from the regulation (pursuant to clause 13 of the design and building practitioners regulation). A copy of the clause can be viewed via the following link - https://legislation.nsw.gov.au/view/html/inforce/current/sl-2021-0152#sec.13. Failure to adhere to this request may result in delays of payment.
Items that typically trigger requirements under the Design & Building Practitioners Act are;

- Works that require development consent
- Waterproofing works (excluding work relating to alterations to a bathroom, kitchen, laundry or toilet)
- Fire safety works with a “load–bearing” component
- Fire safety works carried out to a component of the system
- Cladding works

Jamesons ensures strict compliance with the applicable legislation and law for its clients and appreciates your cooperation.
