Job Details

Work to be Done:
Please attend to re-allign the main roller door that currently is not opening/ closing due to the roller being out of the track. The track appears to be bent suggesting that there has been an impact. Thank you.

Terms and Conditions

The contractor acknowledges and agrees that this work order has been issued by National Facilities Management (NFM) on behalf of the specified owners corporation or Building Management Committee as its agent pursuant to the strata schemes management Act. As its agent NFM is not party to and will have no liability under the contract which results from the contractor's acceptance of such order. The contractor releases NFM from any liability which NFM may have or may but for this provision have had to the contractor with respect to this order and any instructions and/or information provided in relation to this order.

In accepting this work order you are also confirming that you are aware of and comply with all of your obligations under the WH&S Act. and its regulations. NFM requires a valid certificate of currency of your Workers Compensation and Public Liability. Please schedule your work/service and co-ordinate with the building management team. All contractors must report to the onsite building manager's office upon entering/exiting the site. Please note the Invoices need to include the purchase order number as well as the appropriate Strata Plan Number or DP Number.
